

Business Building Classroom Technology - WowVision Screen Sharing in BB-119

 Use WowVision to display any student's computer screen in BB-119 on the room projector(s).

WowVision Screen Sharing

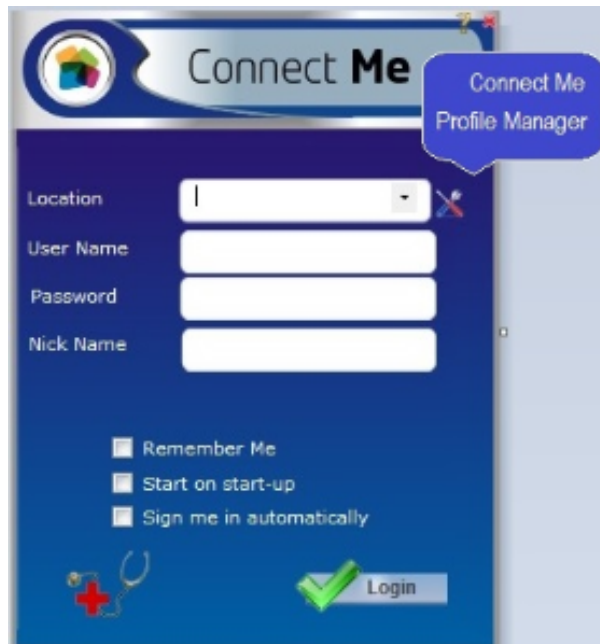

It's easy for the instructor to share any student computer screen in BB-119 with everyone in the room. Follow these simple steps to display a student screen on the projector(s) as you would your own screen. Remember to select PC from the SIMPLE SWITCHING menu on the touch panel. Click on any image below to view it larger.

To Begin:

1. Open the Connect Me application by clicking **START, ALL PROGRAMS, WOW VISION, and LAUNCH CONNECT ME CLIENT.**

2. IF **bb-119_45** is not already in the **LOCATION** field, select the **PROFILE MANAGER.**

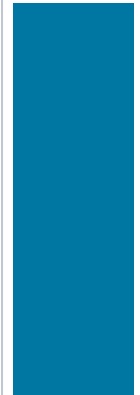

3. Select **bb-1** double-clicking window.

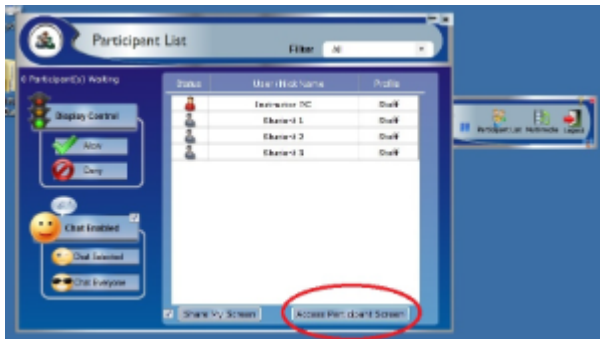

4. Fill in "su" (no quotes) for the **User Name**, "supass"(no quotes) for the **Password**, and your **Name**.

5. All students will need to do this too, but they log in with "user" (no quotes) for the **User Name**, "userpass"(no quotes) for the **Password**, and their **Name**.

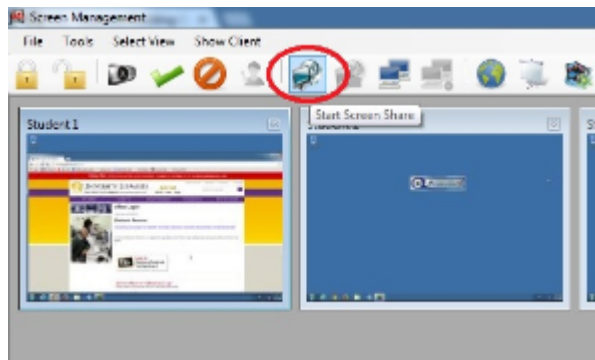

6. Open the P

7. To access (Show) a student's screen, click **ACCESS PARTICIPANT SCREEN**.

8. Select one of the student screens to share. Click the **START SCREEN SHARE** icon and you will send that student's desktop to all the participant's screens.

9. To stop, click icon.
