

Upload Video to the Ensemble Video Media Library

Media Library overview

The Media Library is where your videos are uploaded and stored. You can manage all your videos in the Media Library, including add, view, edit, publish, and download your videos; bulk upload/delete; previewing; and sharing.

More resources about these features are available at the Ensemble Video website:

- [Using the Media Library](#)
- [Adding a New Video](#)
 - [Managing Content](#)
 - [Publishing Content](#)
