This wiki is for UAlbany faculty who are using Perusall either as a stand-alone LMS or integrated into Blackboard (BLS). To join the wiki (or request that a colleague be added to the wiki), send an e-mail to Susanna Fessler at sfessler@albany.edu.

"How-to" pages are just that—links to how to directions for Perusall or Perusall-related things.

The Blog is where we can share insight and ask questions.

"Shared Links" overlap a little with the "How-to" pages. If you find a useful link that has to do with Perusall, put it here. For example, a lot of other schools have "Help" pages dedicated to Perusall.
