Connecting to UAlbany WiFi - iOS and iPadOS

Action

To connect to UAlbany WiFi using an iPhone, iPod, or iPad, follow the steps below.

Instructions

1. On your home screen, tap the Settings icon.
2. In Settings, tap WiFi.
3. In the WiFi menu, make sure WiFi is On.
4. In the list of available WiFi networks, select UAlbanyWiFi.
5. A screen will appear that prompts you to enter your username and password.
   a. In the Username field, enter your UAlbany NetID.
   b. In the Password field, enter your password.
6. Tap Join.
8. You are now connected to UAlbanyWiFi.
