Sign into the Zoom app on a computer

Action

Once you have installed the Zoom Client for Meetings on your computer, follow the steps below to sign in.

Instructions

1. Open the Zoom application from your Start menu or Applications folder.
2. If you are not prompted to sign in, open the menu in the top right of Zoom and click Sign In or Switch Account.
3. Choose Sign in with SSO (may be just SSO).

   The SSO button is below or to the right of the email address and password fields. Logging in with a UAlbany email address and password will not work.

4. Enter albany as the company domain and press Continue.
5. Log in with your UAlbany NetID and password.
6. Choose to open Zoom when prompted from your browser (the exact wording varies by browser).
7. You will be redirected to the Zoom app and you can now use Zoom with your UAlbany licensed account.
