Jabber

Use Jabber to manage calls for University phone numbers on a computer or mobile device.

Features:

- Mobile options to use your University phone number from any location
- Can answer up to 8 other extensions in Jabber Desktop (only)
- Single Number Reach - can set your University number to ring multiple devices (desk phone, home phone, &/or cell phone, etc.) at the same time
- Manage settings and features such as call forwarding, resetting your voicemail PIN and speed dial through the Self Care Portal

Available To:

- Campus Departments

Get Started:

- Read this askIT article, or contact the ITS Service Desk.
