Interested in using VoiceThread in your Blackboard course? Peruse the faculty guide to learn how to use the tool, get help and more! Want to understand the big picture? Consider utilizing the ten step planning for success strategy.

1. VoiceThread Getting Started - Tech and Computer Requirements
2. Adding a VoiceThread Link in your Blackboard Course
3. Navigating VoiceThread - Understanding the Landscape
4. Configuring and Setting up New Assignments (4 steps)
5. Creating VoiceThreads
6. Commenting on VoiceThreads
7. Replying to Comments on a VoiceThread
8. Student Assignment Submission Experience
9. Grading Student Submissions
10. FAQ

Consult about VoiceThread

Prior to enabling VoiceThread in your course, we recommend consulting with an Instructional Developer in ITS Ed Tech Services.

Pro Tip

24X7 VoiceThread Web Support

Submit a Help Request directly to the experts at VoiceThread support. You will need to log in with your UAlbany NetID/Password to submit your help request. Once your request is submitted, VoiceThread Support will contact you directly.

- Take Screenshots of your technical issue in preparation to share with VoiceThread Support.
- Once a VoiceThread representative has replied to your request, you will be able to upload your screenshots to share and discuss further.
